ORIGINALE

MYAR - ORIGINALE

Vintage military garments showing original camouflage patterns are customized through artisanal techniques to deliver contemporary, urban pieces with a sartorial touch.

Characteristic desert camouflage pattern is RE-PAINTED by hand with blue, orange and yellow hues.

A snow camouflage is RE-VERSED and RE-STITCHED with an applied contrasting pocket. A camouflage outerwear style with multiple pockets is RE-DYED with faded black.

A camouflage jumpsuit and a snow camouflage poncho are RE-CUT and RE-SEWN to became a trench and a parka, respectively. Marine striped t-shirts are RE-COMBINED to RE-CREATE a graphic camouflage pattern, commonly known as razzle dazzle.

COLLEZIONE

MYAR - COLLEZIONE

Deadstock camouflage fabrics from different international countries are RE-COLLECTED and RE- WORKED in a lineup of brand new, innovative, tailored designs, which draw inspiration from vintage military garments. Different printing techniques, such as pigmentation, discharge and ink stamp, are applied on the camouflage fabric to RE-CREATE different motifs with four different camouflage patterns: RAIN CAMO SMALL STAIN BIG STAIN URBAN T-PATTERN.

Major focus is on the RE-VERSE side, which is used on the outside to obtain a lived-in, faded look. Fabrics made from natural fibers, including cotton, linen and wool, are crafted in a range of comfortable, functional silhouettes.

Key pieces include an oversized, squared-cut jacket; a trench coat with a special pocket and rounded hems; chambray and linen shirts; a coach jacket with a contrasting collar; printed T-shirts and a range of hyper comfortable pants with applied pockets coming in different fits.

Traditional military tones of green, gray, blue and khaki are juxtaposed with shades of pink and Indian orange.
